Application No: 10/669,413

To United States Patent and Trademark Office:

I have changed the status identifier on claims 5, 12-14 to read "Original." These are the originally submitted claims that have not been amended.

I have amended claims 2, 4 and 9. The deletions in these amended claims are shown with a strikethrough. The additions are in brackets. I included the applicable limitations of the base claim 1 in claims 2, 4 and 9.

I have not changed claim 6 in this version since it also has the limitation of base claim 1 as claim 6 refers to claim 4 which has the limitations of base claim 1.

Everything else is exactly the same as in the previous submission.

A handwritten signature in black ink, appearing to read "Borislav Nikolik".
